NIGERIA LIMITED

CORPORATE
profile

With our seamless solutions from smart procurement to construction, Fallon Nigeria offers Reliable, Resilient Results!

Operational Philosophy

Safety & Compliance

We are committed to providing a safe and healthy work place for our employees and partners, ensuring operations are carried out in the manner that protect personnel, the environment and the host communities.

Quality Assurance

We carefully design every process to yield the highest organizational excellences and greatest client satisfaction. Quality is carefully contained in our culture and it's in the fabric of our organization.

Cost Effectiveness

Budget friendliness is an aspect we take very seriously to achieve excellent service delivery in all aspects of our core offers, making sure projects are cost effective and competitive.

Local Content Development

Our collective corporate strategies is to systematically accelerate the transfer of technology, engineering experience, and specialized know-how from our expatriates and foreign technical partners to indigenous nationals.

Client-Centric Approach

At Fallon Nigeria, we maintain transparent communication with stakeholders, providing regular updates and adapting to project needs to ensure satisfaction.

The Company

Fallon Nigeria Limited is a Nigerian indigenous company registered with CAC, with a proven track record of performance that spreads across the Niger Delta. We are founded in the year 2022 to carry on the business of engineering construction services to the oil and gas Industry.

Our mission is to be fully committed to flawlessly executing our services, with a focus on quality, safety, efficiency, and technical expertise.

Our Area of Expertise:

- Civil / Mechanical Construction
- Procurement & Supply Services,
- Pipeline Repairs and Maintenance,
- Haulage and Equipment Leasing Services
- Marine Services (both for Creek and Sea Vessels).

We have experiences which cover these areas as we have delivered services to Vicbriggs Limited, and some other companies.

OUR VISION

"To be the leading provider of innovative and sustainable engineering, procurement, and marine solutions in Nigeria and beyond - driving infrastructure development with excellence, safety, and reliability."

OUR MISSION

To build and maintain critical infrastructure while ensuring cost-efficiency, environmental responsibility, and client satisfaction, through cutting-edge technology, skilled expertise, and an unwavering commitment to quality.

OUR VALUES

- Excellence
- Integrity
- Innovation
- Reliability
- Safety First
- Sustainability

Community Affairs, Health, Safety, Environment & Security (Cashes) Policies.

are strongly committed to sound CASHES practices in all aspects of our business. This is to prevent injury and protect all employees and subcontractors from work hazards and occupational diseases in the execution of their responsibilities. The corporate policy statements that have been duly endorsed by the directors of the company and signed by the managing director explicitly states that:

Our employees are responsible for protecting the Environment, Health, Safety and Security of her workers, Customers, Contractors and the Community in which she does business according to this policy". This policy is applicable to all our partners-employees, client, contractors, and visitors.

All incidents, near misses and potential hazard that might lead to injuries to personnel or damage to equipment and the environment must be reported immediately to the nearest HSE representative.

We at Fallon Nigeria Limited regards the protection of the Environment and promotion of Health and Safety measures at all levels of its operations as paramount to the way in which it conducts its activities. We provide and maintains a safe, pollution free and healthy working environment by complying with all applicable statutory guidelines, regulations and laws. To this end, all employees, contractors and customers are adequately trained to ensure that they work safely in their respective functions and to protect the environment.

Quality Statement

In line with the strategic directive of Fallon Nigeria Limited, our resolute policy is to consciously determine the stated and implied needs and expectations of interested parties - customers, legal & regulatory entities, government, shareholders, employees, suppliers and community - relevant to our business of onshore/offshore pipeline laying, fabrication, Procurement services, petroleum products supply, equipment leasing and procurement and ensure that their requirements are met. We shall focus on continual improvement of our quality performance and quality management system performance by taking applicable action to effectively address any identified shortfall while encouraging next practice innovations and ideas in all our dealings.

Our internal procedures are reviewed regularly and are held in Quality Manual which is made available to all employees.

Jennifer Nwobodo

Managing Director/Chief Executive Officer

We shall focus on the continual improvement of our quality performance, and the performance of our quality management system, by taking applicable action...

Our Team

Fallon Nigeria Limited has a strong and very dynamic workforce that we like to refer to as our strength. This aligns with our mission to recruit, retain, and reward a high-performance workforce.

This strong and dynamic workforce is managed and controlled by a group of highly competent management team with tons of experience in the Engineering and Construction Services sector, which gives our company an edge over others in terms of productivity and timely service delivery to our shareholders and clients, respectively.

Engineering, Procurement, Construction and Installation (EPCI)

At Fallon, we have the capability to deliver EPCI project from the initial engineering and design phase through procurement of materials and equipment, construction, and final installation.

With a proven track record of successful project completions and a dedicated team of experts, both foreign and local, Fallon is confident in our ability to deliver high-quality Engineering, Procurement, Construction, and Installation (EPCI) services tailored to meet our clients' specific needs and requirements.

Our comprehensive approach to project management, coupled with our commitment to excellence and client satisfaction, sets us apart in the industry. We understand the complexities involved in EPCI projects and are equipped to handle every aspect of the project with precision and efficiency.
